THE CLOSING EXERCISES GAINESVILLE HIGH SCHOOL

Literary Society Program for Thursday Evening, Graduating Exercises the Following Evening.

Although the Gainesville High School will not close until Monday, the 25th of this month, the commencement exercises will take place next Thursday and Friday nights. This arrangement is made to avoid a conflict with the commencement exercises of the University, which will be held in the High School Auditorium.

On Thursday night the High School Literary and Debating Society will give an entertainment, the program for which is as follows:

1 Piano solo, "Second Valse," (Godard)—Isabel Padgett.

2 Essay, "Queen Elizabeth"—Agnes Spencer.

3 Piano duet, "Les Chasse Aux Gazelles," (Calvini)—Mary Thigpin and Lottie Scarborough.

4 Recitation, "The Flying Machine"—Mary Dawkins.

5 Piano duet, "Impromptu a la Houglois"—Eloise Douglass and Clara McDonald.

6 Debate, "Shall the Solid South Be Broken?—Affimative, Joe Swanson, Sidney Godwin; negative, Frank Swanson, Earle Kelley.

7 Chorus, "Blow Balmy Breeze," (Wagner).

8 Comedy, "Burglars"—Fletcher Ellis, Clarke Evans, Katie Barrs and Mabel Lamons.

Although the young people who are to take part in these exercises have had but little experience in society work, some of them only during part of this term, each will perform his or her part with credit. Three of the debaters are sophomores and one is a junior. They have worked hard in the preparation of their speeches and considering their ages and experience they have done well.

Graduating Exercises.

The graduating exercises, which will take place on Friday night, will be as follows:

1 Invocation—Rev. F. R. Bridges.

2 Chorus, "Voices from the Woods," (Rubenshein).

3 Piano solo, "Home, Sweet Home" (Thabberg)—Francis McDowall.

4, Oration and Salutatory, "The Development of the Drama"—Casper Peeler.

5 Class Prophecy—Ruth Doig.

6, Piano trio, "Grand Galop Brillant," (Wallenhaupt)—Isabell Padgett, Lucile Glass and Mary Thigpen.

7 Oration and Valedictory, "Edgar Allen Poe"—Ethel Durst.

8 "Piano solo, "Concert Polonoise," (Englemann)—Margaret Merchant.

9 Presentation of Diplomas—Principal W. H. Cassels.

10 Chorus, "Swing Song," (Frederic Lohr.)

11 Address—Dr. Andrew Sledd.

12 Benediction—Rev. Francis Craighill.

The graduating class consists of seven girls and three boys. A more agreeable class never graduated from any high school. Although in preparation and thoroughness, they are not all that might be desired, they will compare favorably with the graduating class of any other high school in the State. Best of all, they realize their short-comings and deficiencies and are anxious to correct them. They are ambitious for a better education, at least seven of them having expressed the intention of entering college next fall. They have made a remarkable record in attendance, a record of which the town and the school may justly feel proud. With one exception, not a member of the class has been absent or tardy a time during the term. Unfortunately, duty demanded that one of the class should leave school to accompany a sick relative to New Mexico. Only the call of duty could have drawn him away from school. A better, cleaner young man does not reside in Gainesville. He is justly popular with his class-mates and school-mates.

Graduating Class Roll.

The class roll follows: Ethel Harris Durst, Ruth Ellen Doig, Montine Eloise Fagan, Celeta Kathleen Higdon, Irene Erkine Perry, Mary Elizabet Rutherford, Inis Monee Thomas, Richard Dallas Bowers, Casper Smith Peeler, Albert Vidal.

Those graduates not appearing on the program have prepared graduating essays and will read them at chapel exercises during the coming week.

Uncle "Jake" Gleason to Leave.

J. W. Gleason, the popular "old lad" from Jefferson, Ohio, who always makes this city his winter home, is "packing his duds" and will leave tomorrow morning for his Northern home.

Uncle "Jake," as we all know him, is a comical old "duck" and he numbers his friends by the score in this section. He always wears one of those smiles "that won't come off," and he says he has lingered here as long as he can. We know that his Buckeye friends will welcome him on his return, and we trust that he will come back South with the robins.

Isn't there something which only a want ad. can do for you today?

Legislature Pays Tribute to Florida's Dead Senators

TALLAHASSEE, May 15.—In joint session at noon yesterday the House and the Senate, in the hall of the House of Representatives, held memorial services in honor of the memories of former United States Senators Stephen R. Mallory and William James Bryan.

The addresses were most eloquent and the exercises were very impressive.

Among those who spoke were Speaker Farris, President of the Senate Hudson, Senator Jones, McMullen, McCreary and Beard and Representatives Neeley, Richbourg, Roberson, Godfrey, Blanton, and Alexander.

In the afternoon the House listened to the reading of the special message from the Governor reviewing the Wallis claim and making recommendations concerning it. The message was then referred to a committee of which Representative Malone of Key West was made chairman.

In the morning the House made fair progress on its calendar, passing several bills and killing some others.

MISS EVA POWELL OF ALACHUA FIRST PLACE

MAKES TREMENDOUS GAIN ON CLUB OF YEARLY DAILIES.

Mrs. Ware of High Springs Casts Largest Vote from Outside Sections Friday.

By far the heaviest vote polled in the Co-Operative Contest was cast during Friday, and not only have the candidates in the city received large numbers, but the way in which the country sections have advanced shows that the interest is certainly "keen."

The handsome diamond ring to be given away is now on display in the show window of L. C. Smith and can be seen by all striving to win this handsome prize. The pianos, which will come from the A. R. Harper Piano Company, will be placed on exhibition the first of the coming week. A letter received from Mr. Harper states that he will ship the instruments from his Jacksonville house and they will arrive here at once. The fact that the instruments are purchased from a reliable house which has done business here for many years assures the contestants that they are getting a fine instrument. The instruments carry with them a ten-year guarantee and the promoters of the plan have added a fine stool and scarf with each instrument. Upon arrival they will be placed one each in the Gainesville Hardware Company and the Gainesville Furniture Company windows ready for the inspection of all.

A club of daily subscribers was received from Miss Powell of Alachua Friday, and as a result she has advanced from seventh to first place in the contest. Another big advance has been that of Mrs. I. Ware of High Springs, who also makes a tremendous jump.

Following was the result of the count Saturday morning:

LIST OF PASS-USERS FURNISHED THE HOUSE

Representative Bynum Wants State Printery Established---Senate Session Along Routine Lines.

TALLAHASSEE, May 13.—The biggest ripple in the House yesterday was caused by the report of the special committee appointed to secure from the files of the railroad commission a list of the members and State officials and employes who have received passes. There were many well-known Floridians on the list. As it was understood that some on the list reported were not connected with the State at the time they secured the passes the report was submitted to the joint judiciary committee to look into.

The House voted to sustain the Broward veto of the 1907 bill for the relief of certain county tax assessors in the drainage district out of the Internal Improvement Fund.

Among the notable bills introduced during the day was one by Representative Bynum providing for establishing and maintaining a State printing plant.

The House passed to third reading the bill requiring that all news, editorials and cartoons paid for should be marked advertisement.

THE SENATE.

No feature of unusual interest cropped out in the Senate yesterday.

A few new bills were introduced and several were advanced from second to third reading, among these being the Humphries bill to prohibit the sale, gift or other disposal of liquors on Sunday.

Consideration of the Humphries bill making an appropriation for the purchase of lands for a prison farm was taken up at the afternoon session.

In explaning the bill, Mr. Humphries stated that it would lay the foundation for a State penitentiary, and thus enable the State to take steps toward eventually abolishing the convict lease system.

Senator Williams offered an amendment, changing the appropriation for the farm from $100,000 to $25,000.

"I don't believe in appropriating $100,000 just for a lot of negroes," said the Senator, "and building them fine houses, better than any they've ever lived in in their lives."

The bill was postponed until Friday at 10:30 o'clock.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

SANITARIUM NOTES.

D. W. Senter, who has been under treatment at the Sanitarium for several weeks, departed for his home in Tennessee a few days since, very much improved in health.

Miss Ruger, of Wisconsin, remains at the Sanitarium, having been at the institution all the winter. Her health is now decidedly better.

Mrs. Dr. McMillan of Morriston arrived during the past week and will remain under the treatment of Dr. DePass until her health is better.

Robert Calhoun of Jersey City was quite ill during the past week, but is now feeling much better. Mr. Calhoun has spent several winters in Gainesville, and the climate always agrees with him.

Mrs. J. E. Sims has recovered and returned to her home in North Gainesville. Her case was very serious and she is to be congratulated on her prompt recovery.

Miss Inez Hunter of Morriston, a recent arrival, is improving rapidly.

Mrs. LaCroix, who was so seriously injured in a runaway some time since, is now able to be up about the house.

Miss Susie Mansell, one of the faithful nurses, is taking a well-earned vacation.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

Three Men Killed, Twelve Injured, by Explosion

KEY WEST, May 15—In an explosion yesterday on the quarter boat No. 3 at Codjoe's Key, twenty miles from here, on the Key West Extension of the Florida East Coast railroad, three men were instantly killed and twelve others badly injured.

The injured men were brought here last night for medical treatment, and it is believed that others were blown to atoms, as 700 pounds of dynamite went off. The injured men are in the Louis Malone Hopital, with Drs. Maloney and Warrent attending them.

Many of the men are Americans. Only meagre reports of the explosion have been received here, and the men are too badly injured to make statements as yet.

THE CIRCUIT COURT HAS ADJOURNED TO MONDAY

Pate Sims, Young White Boy, Acquitted on Charge of Breaking and Entering Freight Car.

From Friday's Daily Sun.

Court convened at 9 o'clock Thursday morning, His Honor Judge J. T. Wills presiding, other court officials present.

Case of State vs. Pate Sims, breaking and entering a railroad car, was brought up, and the following jury was empanelled and sworn: A. E. Wittstock, S. H. Dempsey, J. A. Cox, J. W. English, E. C. McMahan, W. C. Matheson.

Attorneys for the State and defense called roll of witnesses and witnesses were placed under the rule and instructed to retire.

R. G. West, section foreman of the A. C. L., was the first witness. Latter part of January or first of February, in High Springs, Pate gave him a quart of whiskey, and later he saw defendant scraping labels off eleven pint bottles of I. W. Harper whiskey.

—. —. Witt, car and seal clerk of the Atlantic Coast Line, inspected seal on car No. 724, C. & W.—"L. M. E. 3." Was inspected on February 1, 1909, and said seal was in good condition. Car came from North. Witness always inspected cars immediately on arrival.

W. S. Bashell was clerk of M. & M. T. Co. at Savannah on January 30th. Witness sealed C. & W. car No. 724 with "L. M. E. Seal 3." Car contained general merchandise, among other things twenty-five cases of I. W. Harper whiskey.

Saw Sims With Whiskey.

Oscar Kelly was in High Springs February 1st. Knows the defendant, and on that date saw him with several bottles of whiskey. Did not tell witness where he got them. Had one quart and several pints in a suit case.

S. B. Davis knows defendant. Saw him in High Springs on or about February 2nd. Said he saw defendant with one bottle whiskey on February 2, and defendant borrowed his knife to scratch the label.

Wm. Johns stated that upon a certain occasion, in the presence of C. R. Layton, defendant admitted that he went into the car, and would have plead guilty before Judge Bexley at the preliminary if the number of car had not been wrong.

Witness on cross-examination stated that he was a special agent of the Atlantic Coast Line. Witness denied that he told defendant that if he would "make up some kind of a story" he (witness) would use his influence to have the case nol prossed.

C. R. Layton

Knows the defendant. Defendant, on April 19, in the office of witness, in the presence of witness and Wm. Johns, made a statement about breaking car. Said Oscar Kelly and he (defendant) wanted some whiskey, and that they got a railroad clerk at High Springs to "spot" a car containing whiskey. Defendant told him (witness) that Kelly entered the car and paced a case of whiskey in the door, and he (defendant) carried it off.

On cross, witness stated that he is attorney for the Atlantic Coast Line, and that Wm. Johns is a special agent of the same road.

R. G. West,

Section foreman of the Atlantic Coast Line, was recalled, and stated that defendant had told him after the preliminary hearing before Judge Bexley, in which he (defendant) was arraigned, that he would have plead guilty if the car number had been correct.

R. P. Hodgson, seal clerk of the A. C. L., said seals on C. & W. No. 724 were intact so far as he knew in the morning, but in the afternoon an investigation showed that seal on this car had been broken.

On cross-examination witness stated that when he reported this fact to the agent at High Springs, he (witness) was instructed to alter the seal record book.

C. A. Bennett, wholesale and retail liquor dealer, stated prices per case on I. W. Harper whiskey in quarts and pints.

Pate Sims on Stand.

Pate Sims, the defendant, was placed on stand. Stated that as far as breaking into the car he knew nothing about it. Admitted having whiskey, but said he and George O'Neal, another boy, "chipped in," sent to Jacksonville and purchased the liquor. Said that Wm. Johns approached him in the matter of getting him to testify against certain parties in this case and promised if he would come to Gainesville and talk with Mr. Layton, he would nol prosse the indictment against him.

Witness stated that Deputy Sheriff Hooper approached him Wednesday morning and asked him why he did not testify against "Shorty" Davidson in the case where he (Davidson) is charged with murder. Witness replied that he had nothing to swear. Witness stated that Hooper told him if he would testify against Davidson he (Hooker) would see Attorney Rivers and have his (Sims') case nol prossed, which he (Sims) refused to do.

When asked why he made the statement to Attorney Layton and Mr. Johns, defendant replied that after his arrival in Attorney Layton's office, where he was taken and where statement was made, that he was intimidated by Johns, who threatened to "kick him all over High Springs" if he refused.

The case closed with the statement of the defendant, and argument begun, being opened by Attorney B. A. Thrasher for the defense, who spoke only a few moments. He was followed briefly by Attorney W. S. Broome, also for the defense. Attorney J. M. Rivers closed for the State.

Defendant Not Guilty.

After receiving the charge of the court, the jury retired and returned a verdict of not guilty. A. E. Wittstock was foreman of the jury.

Case of State vs. Alex Stephens, selling liquor, called and State announced ready. Motion by attorneys for defense for a continuance was over-ruled and exception noted.

Case With Abrupt Ending.

The case of State vs. J. E. English, forgery and uttering a forged instrument, was called.

Considerable difficulty was experienced in securing a jury, which was finally empanelled and sworn as follows: J. C. Stokes, A. J. DaCosta, A. L. Jackson, Geo. C. Gibbons, J. R. Emerson, W. O. Wilson.

The specifications in this case were to the effect that the defendant was given a certain check to the amount of $1.85, which amount was raised to $2.85.

First and Only Witness.

The first witness called by the State was S. J. Sykes, who was alleged to have issued the check. As soon as he had taken a comfortable position in the box State Attorney Rivers asked:

"Did you, on November 30, 1908, give this check (referring to the check in question) to the defendant, J. W. English?"

"We object, your honor," promptly interrupted Attorney Thos. W. Fielding, for the defense, before the witness had an opportunity to answer.

"State your objection," remarked the court.

"The defense objects to any evidence going before this jury as to date of check, or as to the time of the alleged commission of this crime, because the indictment shows the offense to have been committed upon an impossible date, towit, November 30, 1909," replied Mr. Fielding.

The objection was sustained and the court instructed the jury to return a verdict of not guilty.

Attorneys Fielding and Haile represented the defendant.

Court adjourned until 2 o'clock p. m.

Afternoon Session.

The court convened at 2 o'clock and, finding no cases of criminal importance to be disposed of, adjourned until Monday afternoon at 2 o'clock, when the civil docket will be taken up.

S. P. C. A. HAD THEIR FIRST CASE THURSDAY

CONVICTED WM. ANDERSON FOR MISTREATMENT OF ANIMAL.

Was Fined $25 or Two Months in "Gang"—Sentence Suspended Under Certain Restrictions.

From Friday's Daily Sun:

The first case to come before the courts through the instrumentality of the S. P. C. A. resulted in a conviction, and members of this association assert that they will get busy and see that the laws are complied with.

Officers of the association who have the matter in charge were notified of the case of Wm. Anderson, colored, and he was ordered arrested and brought before Judge Mason upon a charge of cruelty to animals, with the result that he was fined $25 and costs, or two months in the gang.

Owing to this being the first case of the kind to come up, sentence was suspended provided he would place the animal in question in a good pasture and feed and attend him until well and strong, but in the event that he fails to do this he will again be brought up and the sentence executed.

From this time on, members and officers alike will see that the dumb animals of this section have better treatment than in the past and they propose to keep a careful lookout for all offenders. Parties who have heretofore paid little attention to their stock should be more careful and the poor horses that are now being driven will very probably secure some much-needed rest and feed.

Rev. I. W. Williamson, Huntington, W. Va., writes: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that it will do all that you claim for it." Foley's Kidney Remedy has restored health and strength to thousands of weak, run down people. Contains no harmful drugs and is pleasant to take. J. W. McCollum & Co.

Mayor's Court Yesterday.

From Friday's Daily Sun.

There were three continued cases before Mayor Davis Friday and in the cases against Sunday selling, each defendant was fined $10 and costs. The case of drunk and disorderly conduct was let off with the payment of costs.

COMMITTEE VISITS UNIVERSITY THURSDAY

WERE ESCORTED ABOUT CITY BY PROMINENT CITIZENS.

Taken to the Grounds and Buildings of the University in the Forenoon.

From Friday's Daily Sun:

The committee appointed for the purpose of visiting the various State institutions and rendering a report concerning their condition, needs, etc., arrived here on Wednesday evening and were met at the depot by a committee of citizens.

On Thursday morning the committee, composed of Senators E. S. Crill and D. H. Baker, and Representatives W. J. Durrance, R. L. McKenzie, Walter Page and Terrell were called upon by a number of the citizens and driven to the grounds of the State University. They visited the Experiment Station Farm, inspected the grounds and buildings, and after completing their labors were taken for a drive about the city, winding up at the University High School, where, by special invitation, they were shown through the school.

The committee were made to feel that Gainesville is imbued with educational spirit, and they expressed themselves as being highly pleased with the courtesies extended and the spirit in which they were entertained.

Among those in charge of escorting the gentlemen about the city were Major W. R. Thomas, Dr. J. L. Kelley, Capt. Geo. M. Lynch, Dr. Andrew Sledd, Geo. P. Morris, Dr. J. H. Hodges and Hon. Syd L. Carter. They left in the afternoon via the Seaboard for the return trip to Tallahassee, accompanied by Judge Carter, who has been here for the past few days on business.

While it is not known what the recommendation of the committee will be concerning the University and the general school interests of the State, it is generally believed this city will fare well in their report to the State Legislature.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

Mitchell to Bartow.

Charles Mitchell, last season the star right-fielder on the Oak Hall team, who has been here for the past few weeks, left Friday for Bartow, where he has signed to play with the Bartow team in the South Florida League.

Mitchell, by his clever work on the diamond, made many friends as a member of the Oak Halls, and was admired by all lovers of the National game. He has a fine average, his fielding being 1,000, while he wielded the willow to an average of 440, which is among the best batting records of the season.

DOING THEIR DUTY

Scores of Gainesville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Gainesville people endorse our claim.

Mrs. V. E. Spence, 201 W. Arlington street, Gainesville, Fla., says: "It would be hard to describe how I suffered from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled by rheumatism and different parts of my body became stiff and lame. A friend finally advised me to try Doan's Kidney Pills and procuring a box, I began their use. I am glad to say that they lived up to representations, removing the pains and disposing of the rheumatism. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WILL BE TRIED IN GAINESVILLE.

Henson to Be Brought Here to Answer Serious Charge.

From Friday's Daily Sun:

W. H. Henson, the express messenger who, it will be remembered, shot and injured W. J. Lock of Wilcox, will be brought here to stand trial.

Sheriff Ramsey has twice sent for the man, but as there was a case of larceny against him in Duval county, the authorities there would not surrender him. However he was Thursday notified to send for him.

The circumstances regarding this shooting have already been published, and owing to the prominence of the parties interested further particulars will not be mentioned until the case comes to trial.

From Saturday's Daily Sun:

J. F. Henson, the young white man who is charged with assault with intent to murder, the same having occurred at Wilcox, was brought here Friday by Deputy Bruton.

He was accompanied by his brother, wife and other relatives, who readily gave bond for his appearance at the next term of court, he having secured Col. Gornto of Jacksonville to defend him.

In his case of larceny at Jacksonville the jury failed to agree and he is out on bond from that county under the same bondsmen.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill-feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

A Delightful Occasion.

A large number of young people assembled at the home of Mr. and Mrs. W. G. Boltin, East Union street, Friday afternoon in response to invitations announcing the eighth birthday of their daughter, Miss Bena.

The hours were from 4 to 6, and a jollier or more delightful two hours were never spent by the young folks.

Little Miss Bena was the recipient of many appropriate and useful presents which will serve as mementos of the occasion in future years.

During the afternoon delicious refreshments were served.

WORK COMMENCES NEXT WEDNESDAY

FOUNDATION OF GOVERNMENT BUILDING WILL BE STARTED.

President King of the King Lumber Company Now Here for Final Arrangements.

Work will be resumed on the Government building next Wednesday, when the contractors will start the force at work putting in the concrete foundation for this mammoth structure.

W. W. King, president of the company which has the contract for its erection, arrived in the city Friday and stated that he hoped to get busy without further delay on the building, and that if the steel structure and other material ordered arrives on time they would commence the work right after finishing the foundation.

All of the material so far submitted has been approved and accepted by the Government and the orders have been placed for the same to be gotten out by the contractors and forwarded to this point as early and fast as it is possible to do so.

Mr. King stated Friday that nothing is now in en route here except the tools, engines and derricks, all of which he hoped would arrive and be in readiness for his superintendent, Mr. Foy, to commence work at the time specified, next Wednesday at the latest.

A large part of the material has already arrived for the foundation work, and as the sand, rock, etc., has all been accepted from Gainesville parties, there is practically nothing to be purchased elsewhere but the cement, and this has been shipped, a number of carloads having already been received, and others will arrive as fast as wanted.

Whooping Cough.

This is more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKeig of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

Killed Negro at Turpentine Camp.

THOMASVILLE, Ga., May 14.—As the result of a shooting affray at Way's turpentine still yesterday Charles Bryant, a negro, will probably die. The trouble was caused by a dispute between Mr. Mills, woodsman in charge, and Bryant, who is chopper, in regard to the time for dipping a certain lot of turpentine. The negro started towards Mr. Mills with a large dipper with the evident intention of of striking him. Mr. Mills fired at Bryant with the intention of stopping him, but hit him in the shoulder. This seemed only to infuriate the negro and he rushed towards Mills, who then shot to kill. The bullet passed through the negro's body, only missing the heart by an inch.

Governor Gilchrist has appointed Henry W. Curtis of Quincy to be Assistant State Auditor, succeeding W. B. Sadler.

Representative Chase of Duval county has introduced a bill in the House giving Jacksonville a commission form of government.

The Legislature of Missouri has adopted a prohibition amendment to the State constitution and the people of that State at the next general election will have an opportunity to vote for or against State-wide prohibition.

The Tampa Times has just closed a circulation-promotion contest in which the young lady who received the largest vote was awarded $1,000 in cash. The liberality of The Times is only exceeded by its progressiveness.

The list of text-books adopted by the Board of Public Instruction for use in Alachua county for the next five years is published in today's issue of The Sun and should be carefully read by every teacher and school patron in the county. In a number of instances the price of books has been greatly decreased and the new contract is calculated to save the people of the county quite a sum over prices previously paid.

Norman E. Mack has commenced the publication at Buffalo, N. Y., of The National Monthly, the aim of which is the advancement of Democracy. In the initial number the publisher says "it has been apparent for many years that the Democratic cause has been handicapped and the Democratic home neglected through the lack of party publications, and it is hardly necessary to point out that this publication has both a field and a mission."

People who do much kicking about taxes might be profited and instructed to remember that the tramp is the only fellow who has ever carried their idea to its ultimate and logical conclusion and pays no taxes at all, says The Tampa Times. We are all poor critters, and some of us are thoughtless enough not to carry our conclusions to the logical ultimate—where they would be very interesting to look through and analyze. Let us be reasonable and stand our share of the common trouble and expense.

In regard to the appointment of officers for the new county of Palm Beach, Governor Gilchrist has written the chairman of the Democratic Executive Committee that he prefers they be elected by primary. "I think that there could be found three men in each precinct who would serve at such election without pay," says the Governor. "In this way an election would cost but little. However, if the sentiment of the county is crystalized in favor of certain men for the various offices, and the county is practically unanimous on the subject, nomination by executive committee would suit me."

CLARK SPEAKS OF BRYAN.

The Savannah News of Thursday speaks editorially of Congressman Frank Clark and Hon. William Jennings Bryan as follows:

"On his return to Washington from Tallahassee, where he addressed the House in response to a resolution criticising him for his attack upon Mr. Bryan in a speech in Congress on the tariff question, Representative Clark of Florida declared that Mr. Bryan was down and out as the Democratic leader, and that he would welcome that issue in his campaign for re-election next year.

"There is no particular reason why Mr. Clark should be particularly disturbed by threats of opposition in his district because of his refusal to recognize Mr. Bryan's leadership. Of course Mr. Bryan has many friends in Florida as he has in all other States, but all the signs indicate that his leadership of his party is in name rather than in fact. The real leaders of the Democratic party are not counting upon Mr. Bryan to render any further service of consequence. In fact, they are not considering him in connection with the Presidential nomination in 1912. If they were, it would be right and proper to respond to his wishes and take account of his views in all party matters. That the party isn't doing. It is true that there are Democratic Congressmen who consult him respecting questions that come before Congress, but the number, from all accounts, isn't large. He isn't having much to say respecting the pending tariff bills, though now and then he has something to say about tariff principles in a general way.

"It isn't known of course whether Mr. Bryan will be a candidate for the Presidential nomination of his party in 1912, and he doesn't know himself. If he sees a chance to get the nomination there is no doubt that he will make the most of it. If he should get the nomination again he would have the distinction of being nominated for President oftener than any other man. He might regard that distinction worth having and working for. But the leaders of the Democratic party are not going to risk losing another Presidential election simply to gratify Mr. Bryan's ambition to be nominated for President oftener than any other man.

"Representative Clark is of the opinion that he could be re-elected to Congress even though Mr. Bryan should canvass his district against him. He knows his district pretty well and he undoubtedly feels safe in challenging Mr. Bryan to try to defeat him.

"The friends of Mr. Clark in Florida have no feeling of hostility to Mr. Bryan. They simply feel that he cannot be elected President, and that therefore he shouldn't complicate the situation by maintaining an attitude of willingness to accept another nomination. They think he should state frankly that he gives up the leadership so that Democrats could seek another leader.

"My Bryan isn't going to Florida to make a canvass against Mr. Clark. In fact there is no good reason for thinking that he would care to bring about Mr. Clark's defeat, even if he could, and it is pretty certain that he couldn't even if he wanted to. It is a safe statement that his influence with Democrats is steadily declining."

INCREASE OF PENSIONERS.

The Legislature of 1885 made the first appropriation of about $35,000 for pensions, and for a number of years the appropriation was gradually increased and the number on the pension rolls slowly added to. When Hon. W. S. Jennings became Governor in 1901 there were less than 800 pensioners on the rolls. During that administration the number was increased to about 4,000, and, under Governor Broward's administration there was a further increase to over 6,000.

The tax now levied for pensions is four mills, which yields about $600,000. This amount is wholly inadequate to pay the pensioners on the present rolls, who are very rapidly increasing. The indications are that a six mills tax will be required to meet the pension payments. This is several times as much as any other State is paying for pensions. It behooves the Legislature to make the tax levy for other purposes as low as possible, so as to avoid any unnecessary increase in the present high tax rate. The levy for general revenue purposes should be reduced if possible. It has been much lower than it now is. During the last year of the Jennings administration the tax levy for State purposes was about the lowest ever made. That year the levy for general revenue purposes was only one-half mill. It is to be hoped that the Legislature will be able to reduce the levy at least one and one-half mills, which will be a great relief to overburdened taxpayers.—Tallahassee News.

Some Alcohol Questions

OUR AMERICAN LIFE.

Everyone admits that the scale of living has greatly increased in recent years. So far have we departed from the simple life of our fathers that what to them were luxuries are now considered as comforts and now held to be necessities of life. Social and educational advantages, pleasures, facilities of travel and communication, and many other things are such as our fathers never conceived let alone possessed.

One might suppose that with all these advantages life woud be easier and more enjoyable, yet it is questionable if such is really the case. Probably the spirit of unrest and the sense of unsatisfaction were never so prevalent as today. This reveals itself in several ways, but most forcibly, perhaps, in the vast increase in suicides. The number is double what it was eight years ago. This fact gives a certain force to the statement recently made that in spite of material wealth and prosperity and wide spread indulgence in sports, Americans are the most unhappy of peoples.

Without fully endorsing so radical a view it is clear that something is wrong, and it is not difficult to discover what that something is. In truth the pace of our modern life in all its relations is too swift. Business men are running a constant Marathon in their haste to get rich and they are doing it at the expense of their nervous energy, their health and their finer sensibilities.

When at last they try to enjoy life by plunging into pleasure, as many of them do, they find the capacity for it is gone. The one remedy is a saner view of life, a slowing up, the cultivation of the better side of life and the recognition that valuable as money is there are other things still more valuable.

FINE GOLD WATCHES.

In another column of our paper will be found a certified statement made by L. A. Jernigan & Son, jewelers, upon the class of watches given away every Saturday evening by Phifer Bros. of the New York Racket to the person bringing the largest amount of trading coupons issued by that firm for every dollar traded.

We have been shown both, one of the ladies' and gentlemen's watches and asked to inspect them thoroughly, which we did. Of course we are not jewelers, nor are we in position to give expert testimony in regard to them, but from our experience with watches we would recommend them as good watches, something that no man or lady would be ashamed to own and a watch that is calculated to speak for the enterprise and progressiveness of the well-known firm for years to come.

All who are fortunate enough to secure one of these valuable watches simply as a premium for trading with the New York Racket, where you always get full value for your money, should consider themselves very fortunate.

LIST OF BOOKS ADOPTED

Information furnished teachers in reference to other high school books given later.

Under the contracts it is necessary for all books that are to be exchanged to be collected at one place, and that no exchange price will be allowed after one year from date of contract except where children move into the county, in which case the exchange price will be allowed for the full period of contract. Please compare books you have with the list, and where a difference is found send books to John Vidal, Gainesville, with the amount of money necessary for exchange and you will be supplied with books in accordance with the contract. Do not delay until the opening of your school, as no book will be allowed in the lower grades not embodied in the above list. The school law makes it my duty to see that the books adopted are used. Permit me to advise all concerned that I shall track the law to the letter and any teacher's resignation will be requested who allows other books to be used in place of those adopted by the board, as some have done.

A comparison with prices for books heretofore and those required under the present contract will show in a majority of cases a much smaller price.

A reader that heretofore cost 25 cents can now be had for 15 cents. Milne's Arithmetic has been reduced from 65 cents to 45 cents, and Field's History from $1.00 to 65 cents. I hope that all patrons will see that their children are supplied with books according to contract before sending them to school. J. L. KELLEY,

County Superintendent Public Instruction.

McCREARY TEXT BOOK BILL ON THIRD READING

Motion to Indefinitely Postpone Measure Defeated by Vote of 13 to 8---House Session.

TALLAHASSEE, May 14.—County uniformity of text-books won the first round in the Senate yesterday when after a discussion that was warm at times a motion to indefinitely postpone the McCreary bill was defeated by a vote of 13 to 8.

Senator McCreary argued strongly for his bill and advanced many arguments in its behalf.

The strongest opponent was Senator Fred Cone, who argued for State uniformity instead.

The bill is now on final passage in the Senate, but a vote will probably not be called until next week, when more of the Senators are present.

Senator Cone in speaking against the measure, claimed that it is only a makeshift. He stated during his remarks that the school book trust has had its finger upon the throats of the people of the State.

"This corporation is a curse upon the State of Florida," he claimed. "No other corporation resorts to such dirty lobbying." He charged that all county bills were only attempts to hold off State uniformity.

Senator McCreary spoke in behalf of the measure, claiming that it would accomplish all of the good that State uniformity would accomplish. He strongly denied the statement that the bill is in the interest of any school book concern.

"I am not standing here in the interests of any school book concern," he said, "but I am standing here in the interests of the school children of the State of Florida.

"Such a plan has been carried out in Alachua county," he continued, "and has effected a saving of 33 1-3 per cent to the people of that county. It would do the same thing for the State. It would leave the matter in the hands of the counties. It would be local option."

The motion to indefinitely postpone was lost by a vote of 13 to 8, as follows:

Ayes—Hudson, Broome, Cone, Girardeau, Leggett, McLeod, McMullen, Withers—8.

Nays—Adkins, Beard, Buckman, Davis, Dayton, Harris, Henderson, Hosford, Humphries, Johnson, McCreary, Sams and Sloan—13.

Senators Baker of the Twenty-ninth and Cook paired, Senator Baker voting aye, and Senator Cook no.

The further consideration of the bill on third reading was postponed until Monday.

THE HOUSE.

Much of the afternoon session of the House yesterday was taken up with the discussion of the uniformity of text-books question. The bill by Mr. Carn of Marion was thoroughly discussed by its author and then went over as a special order.

The House passed the famous bill by Mr. Wiggins of Escambia, providing that the gopher shall be protected during the summer months. Its capture is forbidden during that time. The bill as passed by the House, however, was amended so as to refer only to West Florida.

The most important measure introduced was the Jacksonville charter bill.

Senate Bill No. 356, by Mr. McCreary, to abolish the present municipal government of the town of Newberry, in the county of Alachua, and to establish, organize and constitute a municipality to be known and designated as the city of Newberry, to define its territorial jurisdiction, powers and privileges, and for the exercise of same, was passed.

CLOSING EXERCISES OF THE ARCHER SCHOOL

DELIGHTFUL PICNIC WAS TENDERED PUPILS BY PATRONS.

Rev. Mr. Newman Presented Diplomas to Four Young Ladies.

A Most Successful Term.

ARCHER, May 15.—The Archer school closed May 14th with a charming picnic at Blue Pete. Here, a glade under the great oaks, had been enlarged, making an ideal place for a picnic.

The commencement exercises were most unconventional. A slight rise of ground made a natural stage where the graduating class were seated between two large oaks, the younger children being in a semi-circle on the ground at their feet, while the others sat or stood near them. The few numbers of the program were not announced but seemed to follow each other naturally. All the school sang "Florida, My Florida," after which C. W. Baldwin gave a short address on education and introduced the Rev. Mr. Newman, who, in a feeling and eloquent manner presented the diplomas to the graduates, Misses Grace Hughes, Lois Tuten, Sella Anderson and Mary Frei. Walter Dewell was also mentioned as one who would have graduated but for an unavoidable absence from school the last few weeks, but who will be also entitled to his diploma when he will have made up the work.

After the presentation of diplomas a group of little girls came trooping in from the woods singing a flower song and crowned the lovely girl graduates with the flowers they carried.

The principal, Mrs. Charlotte M. Baldwin, with a few well-chosen words and in her usually pleasing manner, thanked the patrons and pupils and explained her idea of having a simple commencement in Florida and that the whole thing had been kept a secret from the graduates themselves that no elaborateness of preparation might be allowed.

The dinner was a Florida picnic dinner. Can more be said? It was perfect. The presence of the photographer called for a picture of the dinner table, the school, the graduating class, etc.

After dinner many games were played by old and young alike. Mr. Venable, one of the trustees, showed that no one could give him any points on the play ground. One busy man of Archer said he had not done so much hard work this year. Many of the ladies distinguished themselves at play and proved a good match for the young men.

Chairman J. K. Tuten was everywhere about the grounds helping or giving directions. Geo. Fleming, the other trustee, was also present and did all in his power to make everyone have a good time.

It was a perfect day, and many two-horse teams carried the crowd of jolly, singing children and young people to their homes.

The school has been under the direction of Mrs. Baldwin the past term ably assisted by Miss Florence Baldwin and Miss Mary Berkstresser. Many expressions of approval and good will towards the teachers were heard on every hand, this, in the opinion of all, having been one of the most successful terms the school has known.

THE NEWS FROM ARCHER.

School Has Closed After Very Successful Term—Personal Notes.

ARCHER, May 14.—Mrs. W. L. Jackson is expecting her son, W. F. Winecoff of Atlanta, Wednesday afternoon. He will be here about a week. Archer is very proud of this distinguished gentleman, as he was born and reared here, is a millionaire, one of the most prominent business men of Atlanta and has the finest home in the South.

Mrs. Hodgson of Jacksonville and sister, Miss Jennie Haden of Cedar Key, are the guests of the former's nephew, R. B. Hodgson.

W. C. Beach and Miss Selma Johnson were married at the home of the bride's parents Sunday afternoon at 3 o'clock, Rev. H. H. Newman, our Presbyterian minister, officiating.

The young people of Archer gave quite an enjoyable dance at the hall Wednesday evening. Among the out-of-town guests were Mrs. Bailey, Misses Bailey, Kite, McManus and Strickland of Waldo, and Mr. and Mrs. Ed Jones and Miss Carrie Perry of Gainesville. Music was furnished by Waldo band.

All of our depot agents have suddenly become baldheaded. What is the matter?

Dr. S. D. Rice, out popular physician, left Wednesday for a short visit to his mother, Mrs. B. F. Rice, at Montvale, Va. He will return via Richmond, Va., where he will attend the commencement exercises of the Medical College of Richmond. Hope we won't have any illness while he is away, as we have become so attached to him that we would not like to have to call in another physician.

Mrs. W. W. Carman, who has been ill so long with typhoid fever, is slowly improving.

Mrs. W. L. Jackson was our delegate to the missionary society of the Presbyterian Church at Live Oak this week.

F. Donald Phillips visited his parents at Meredith Thursday evening.

Misses Aleen and Louise Powell and Miss Lucy Wood are visiting the Misses DePass at Gainesville this week.

Fred Frei, who is attending the University at Gainesville, came down Thursday evening for a short visit to his parents.

Joe Sales, one of the efficient telegraph operators of the S. A. L., has been transferred to Williston.

The Crown Bottling Works, under the management of C. D. Wood and Mr. King, has installed a power ice cream machine, and will make cream for shipment.

Miss Elsie Smith was shopping in Gainesville Wednesday.

Mr. and Mrs. H. Maddox and little son, Chase, went up to Gainesville Wednesday morning in their old White Steamer. While there Mrs. Maddox and R. O. Albright, who is just learning to run the White Steamer, went over to Newberry, which is a distance of eighteen miles, Wednesday afternoon. They made the trip over there in an hour and a half and thought they were doing fine considering neither had ever run a car before. They left Newberry on the return trip at 3 o'clock, thinking they'd be in Gainesville in a short time. Mr. Maddox waited until 5 o'clock, thinking they'd arrive every minute, then decided to hunt them up. He found both waiting very patiently at the foot of a hill about six miles out from Gainesville. The packing had blown out and they not knowing what to do, had decided to make themselves comfortable for the night. With a piece of barbed wire, and after several unsuccessful attempts to fasten the old car on to Mr. Maddox's new White Steamer, which they finally succeeded in doing, Mr. Maddox proceeded to take the old car with it's two woe-begone-looking amateur chauffeurs, into Gainesville.

We are not quite so fortunate in having a first-grade high school—only have second grade. Owing to this instead of commencement exercises our school completed its year's work yesterday by enjoying a very pleasant day at Blue Pete. After the happy crowd had gathered order was called and Rev. H. H. Newman, our Presbyterian minister, with a very impressive talk presented the certificates to the four young ladies who have completed the work in our school—Misses Mary Frei, Grace Hughes, Lola Tuten and Leila Anderson. This has been a very successful year in this school due to Mrs. Charlotte Baldwin being our efficient and competent principal, with her daughter, Miss Florence Baldwin, in the intermediate department, and Miss Mary Berkstresser in the primary both of whom have done splendid work in their departments.

NIGHT RIDERS GIVE BOND.

WAVERLY, Tenn., May 14.—The fourteen alleged night riders who were convicted Tuesday of whipping 'Squire J. M. Reece, and who were sentenced to ten days in jail and a fine of $500 each, made a motion yesterday for a new trial. This was denied. Bail of $2,000 for each of the defendants was agreed on and Judge Cook suspended the fine and costs in each case until the next term of court.

RUSSETING OF FRUITS

By P. H. ROLFS

—Florida Agricultural Experiment Station—

Usually the rust mite does not occur in a grove later than the middle of July. Last year, however, it continued to work vigorously late in the fall, and in some groves as late as into January, causing bright fruit to russet even after it had become ripe. Last spring was also exceptional in regard to the activities of this little pest. Ordinarily it need give us no concern before the middle of May. Many of us, however, were unpleasantly surprised to find that the crop of fruit had been greatly damaged by it before the first of May.

How to Detect Rust Mites.

The rust mite is the smallest animal belonging to the spider mite family. A single individual cannot be seen by the ordinary eye. Nearly every one, however, can detect rust mites by the unaided eye when they occur in countless numbers on citrus fruits, as they are likely to do some time during May. They may be detected on the fruit by a very delicate light coloring, as if the fruit had been dusted from a roadside. When this inconspicuous dusty appearance occurs, one should use the hand lens to determine whether this condition is due to dust which has arisen from the soil, or whether it is due to myriads of rust mites on the fruit. If it is found that the rust mite is present, this is a signal for immediate action..

How to Prevent Rusting.

The rust mite, like other spider mites, is extremely sensitive to sulphur compounds; consequently we have a cheap remedy in almost all kinds of sulphur mixtures. The most effective, and at the same time, one of the cheapest, is the sulphur spray, made of sulphur and caustic soda. The lime and sulphur mixture is also very effective. Only two quarts of these sulphur solutions are usually needed to forty or fifty gallons of water.

A less effective, though somewhat cheaper, method of treating rust mite is by means of flowers of sulphur. This is a fine powder of brimstone, and may be applied by a powder gun. Before the invention of these powder guns, people treated citrus groves effectively by throwing handfuls of powdered sulphur into the trees. A mixture of flowers of sulphur with about three parts of air-slacked lime is a little more easily applied, and sticks to the leaves better than the sulphur alone. By mixing the lime with the sulphur the workmen are able to see what parts of the trees have been treated, and so to do the work more thoroughly.

The dry insecticides for rust mite have their disadvantages, however, in that they should only be applied when the trees are moist with dew. In a large grove this requires much night work, to which most laborers object.

Other forms of contact insecticide may be used more or less effectively, but should be avoided unless one has in mind the double purpose of destroying rust mite and scale insects at the same time.

Irrigation.

A grove that is kept thoroughly irrigated is not apt to be badly affected by rust mite, since these mites do not endure a moist atmosphere. It is, however, not safe to rely upon an irrigating plant as a preventive of russeting of oranges.

Negro Murderer of Sheriff Langston Sentenced to Hang

TALLAHASSEE, May 14.—On trial for his life, Mick Morris, a negro, pleaded guilty to the murder of W. M. Langston, late sheriff of Leon county.

This negro, whose fate has been the cause of so much uneasiness to the citizens of this county during the past two months, was brought here Monday morning from Jacksonville, where he has been confined since his capture in Thomas county, Georgia, about six weeks ago. The grand jury immediately brought a true bill against him and his trial was set for yesterday.

One hour's time was sufficient to prove the prisoner's guilt beyond all doubt. He himself corroborated the evidence given by the State's witnesses and pleaded guilty to the crime of murder in the first degree, whereupon Judge Malone, without referring the case to the jury, pronounced against him the death sentence.

The unfortunate negro had refused the offer made by the court of special counsel for his defense, evidently expecting that a full confession would gain for him some clemency, and the unlooked-for severity of the sentence brought about a complete physical collapse.

For two nights past the sheriff and citizens have been on the alert to prevent a lynching of the negro. Sentiment in that part of the county which was Mr. Langston's home has been strongly against any delay in the avenging of his murder, and since Morris' return here, crowds of men have lingered about determined that the guilty man should not escape.

In view of these facts, about forty of the most prominent and representative business men of the city, including lawyers, bankers, doctors and merchants, waited upon the Governor yesterday morning and placing before him the foregoing facts, asked him to see that no unnecessary delay should occur in fixing the date of Morris' execution. These men deemed it necessary for the public peace that some expression from the Governor should be obtained that would serve to satisfy the disaffected citizens that justice would be done as speedily as is consistent with the demands of decency and mercy.

Governor Gilchrist promised to take the matter under advisement and asked that a committee of six, selected from the delegation, should wait upon him in the executive office in the afternoon. There the matter was exhaustively discussed and the committee was assured that the sentence would be carried out within thirty days.

Boy Accidentally Shot by Play-Mate Near Lake City

LAKE CITY, May 13.—Wilbur Sadler, the 13-year-old son of W. B. Sadler, Assistant State Auditor, was accidentally shot and seriously wounded yesterday afternoon about 4 o'clock, by his playmate, Dick Marshal. The boys were out at Big lake fishing and in some manner the hammerless gun, in the hands of the Marshal boy, exploded, its contents entering the Saddler boy's abdomen, just below the ribs on the right side, making a serious wound.

The boy's relatives were at once notified and medical attention was rendered, and the boy is in a serious condition, but hopes are still entertained for his recovery.

TWO MORE CASES FRIDAY.

S. P. C. A. Members Endeavoring to Stop Cruelty to Animals.

The members of the S. P. C. A. have gone to work in earnest after the violators of the law in regard to dumb animals and already three cases have been docketed and convicted for offenses of this character.

On Friday Judge Mason had before him Bob Walker, a negro who had mistreated his horse, and he was given a fine of $10 and costs or thirty days in prison.

Sam English, who had a horse that could scarcely move, was given $10 and costs or thirty days, but allowed to go provided he would feed and properly care for the animal and not work it for the next thirty days.

Members are vigilant and will soon commence a movement to take the animals and care for them and make the owners suffer the loss of their stock and pay the fines if the practice of abuse is not discontinued.

Do It Now.

Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by all druggists.

COLORED UNION PICNIC.

Will Be Held at the Base Ball Park Next Monday.

From Saturday's Daily Sun:

The colored Sunday schools of the city have combined to have a big day in this city next Monday, when they will give a grand union picnic at the base ball park, and propose to have plenty of fun and amusement for all who attend.

The program as arranged by the committee will consist of sack races, basket ball, wood-cutting contest, bottle barbecue, and other amusements for the pleasure and delight of all.

Rev. T. H. B. Walker, who has been successful in engineering the scheme, together with the committee, promises the colored population one of the best times of their lives and at the same time will save them the extra money that would be spent for car fare and carriage hire.

PEN FOR TOO MUCH LOVE.

KANSAS CITY, May 14.—Charles E. Nord, a real estate broker, accused of winning the love of a number of women in various cities, including New York and Chicago, and induced them to part with their money, was yesterday sentenced to five years in the penitentiary. He was specifically charged with obtaining money from Mrs. Carrie Hamilton, a milliner, by false pretense. The sentence imposed was the maximum penalty.

A Card.

ACTOR ACCIDENTALLY SHOT.

LAURENS, S. C., May 14.—J. Ross Wilson, member of the Demorest Comedy Company, was shot last night accidentally by Dick Lewis just before the performance at the opera house. The bullet entered the lower abdomen. Physicians say the man will probably die. Wilson is married and is a native of Sullivan, Ill.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. J. W. McCollum & Co.

S.S.S.

CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored splotches, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in ridding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smouldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CURED SOUND AND WELL.

Dear Sirs:—I didn't find out that I had contracted Contagious Blood Poison until it had made considerable headway, and fortunately for me the friend that I first consulted had had some experience with the disease, and advised me to take S. S. S., so I didn't fool with any doctors, but began at once the use of your medicine, taking it as directed. My friend told me to stick to it, and that was what I did and got along splendidly from the very first, and my recovery was rapid. I took a number of bottles, and am now as well as ever. When I began S. S. S. my face was so full of sores and eruptions that I could not shave, and now there is not a blotch or pimple on my body. There is nothing in the world that can beat S. S. S. for Blood Poison, and I always recommend it for such cases. A friend of mine is taking it now, and is getting along nicely.

COVERED WITH SORES.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. E. L. MEYERS.

THE USUAL SYMPTOMS.

Having used S. S. S. quite extensively, I am in position to know its virtues. As the result of a serious blood disorder my blood became poisoned and I suffered severely with Rheumatism and other symptoms not necessary to mention. A friend told me he had been cured of my trouble by S. S. S. and upon his recommendation I began its use. After using it for some time my blood was thoroughly cleansed of all poisons and made pure and strong again.

I wish also to speak of its tonic properties. It built up my general health, it improved my appetite, gave me increased strength, and I felt better in every way. I am a great believer in S. S. S., and with pleasure recommend it to all who need a good blood medicine. ROBERT M. ZWEIZIG.

SURROUNDED IN A SWAMP.

TRENTON, S. C., May 14.—Peter Coates, a negro, who on Tuesday shot and seriously wounded B. A. Jordan a white planter, near Johnston, is believed to be surrounded in a swamp near this place. It is said that should he be caught he will be summarily dealt with. Jordan is now said to have some chance of recovery.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It tones up the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? J. W. McCollum & Co.

Will Go to Micanopy.

The Gainesville Vaudeville Company, under the management of Mr. Arthur Allen, will give a one-night's performance at the Micanopy Opera House, Micanopy, on Thursday, May 20th.

This company recently played to a large audience at the New Baird Theatre in this city, and it was the general opinion of those who witnessed the performance that it was one of the very best presented here this season. There are many very funny situations during the run of the production and the participants handle their respective roles in a manner that would stamp them as professionals.

The amusement-loving people of Micanopy may rest assured that the performance will prove well worthy of their patronage and that the show will be all that is claimed for it.

WELL RECOMMENDED.

Seven-Jewel Ten-Year Gold Case Watches Given Away.

Read the following that L. A. Jernigan & Son have to say regarding the watches that the New York Racket is giving away every Saturday evening:

"This is to certify that we have examined the watches being given away every Saturday evening by Phifer Bros. and find them to be just as represented in their advertisements. They are elegant watches—Ten-year gold cases and standard seven-year Elgin or Waltham movements. L. A. JERNIGAN & SON, "Jewelers."

DEATH OF JAS. PARDUE.

Former Citizen of Gainesville Dies at Bay Biscayne Thursday.

From Saturday's Daily Sun:

The remains of the late James Pardue, who died at his home at Bay Biscayne on Thursday, arrived in the city Friday afternoon and were taken to the home of his son-in-law, N. Wells, North Gainesville.

He was about 65 years of age, and up to a few years ago was one of the most prominent and successful vegetable growers of North Gainesville, but realizing the many advantages afforded the truckers on the East Coast, took up his residence in that part of the State.

Deceased was well and hearty up to within a short while of his death, which was due to heart failure, and the news will come as a great surprise to his numerous friends here and elsewhere.

The funeral arrangements have not been announced but it is thought that the funeral will be held sometime during Sunday, announcement of which will be made later.

Funeral of James Pardue.

From Sunday's Daily Sun:

The funeral services of the late James Pardue will be held from the home of his son-in-law, N. Wells, in North Gainesville, this afternoon at 2:30 o'clock. Rev. S. B. Rogers of the First Baptist church will conduct the services.

The pall-bearers will be selected from the old Confederate veterans, deceased being a member of Stonewall Camp, and the remains will be in charge of the Thomas Undertaking Company.

Friends of the family are invited to attend the services at the home.

Marshal Arnow Gets Another.

From Sunday's Daily Sun:

Marshal Arnow Saturday arrested another negro charged with cruelty to animals. Chas. Elliott, who was driving a horse that could barely creep and looked as if it had not been fed for months, was arrested and tried before Judge Mason, who fined him $5 and costs, which was paid. He will be compelled to properly feed and rest the animal for the next month.
